SUMMARY

Front-End Developer with 1+ years of experience (React, React Native, Next.js), specializing in scalable UI architectures, performance optimization, and cross-functional collaboration; transitioning to full-stack.

PROFESSIONAL EXPERIENCE

Front-End Developer - Tidelit Unity SAS

Jul 2025 - Dec 2025

- Developed a scalable music streaming application using React Native and TypeScript.
- Translated Figma designs into 40+ pixel-perfect screens, ensuring accessibility and visual consistency.
- Integrated REST APIs to manage critical user flows and optimized application performance for public launch.
- Collaborated in a cross-functional team using Scrum, aligning Frontend requirements with Backend to ensure timely deliveries.

Front-End Developer - Rad Biz Consultans

Jan 2025 - May 2025

- Maintained and optimized complex interfaces for an automotive SaaS platform (Web/Mobile), including Dashboards, Scheduling, and Invoicing modules.
- Integrated UI components with Firebase, ensuring accurate synchronization of critical data (Appointments, Roles, and Teams).
- Resolved visual and navigation bugs, enhancing usability and overall product stability.
- Rapidly mastered Flutter to meet project milestones, delivering key features within Scrum sprints.

SKILLS
